

What's in Pathways 6.8 Release?

Last Modified on 29/02/2024 9:16 am GMT

We're pleased to share the highlights of our latest Pathways product release

What's New in Version 6.8

- **Protection Quote Comparison** - Joint Life quotes and new Comparison Report
- **Holding Assets** - ability to add underlying assets to a holding using your fund portfolios
- **Holdings Reports** - on and off platform holdings, with option to include a comprehensive fund factsheet
- **Switching Reports** - existing report enhancements to breakdown the detail for multiple ceding schemes
- **Company branding** - configure logo and branding colours to reports to align with your brand

For further details on the enhancements and updates, see release notes and video below:
